W. J. HESSER'S

WHOLESALE PRICE LIST.

SPRING AND SUMMER OF 1892.

In presenting this price list of Palms and Dracænas, I would most respectfully thank those who have so long favored me with their patronage and assure them and those that may become my patrons, that I shall aim by fair dealing to receive a continuance of the same.

For some time I have been making the growing of Palms and Dracænas and other decorative plants a specialty.

My stock is in a good healthy condition, not drawn, but short and stocky, and with proper treatment will grow right along. I have aimed to make prices low considering quality of stock. All plants will be carefully packed (no charge for packing or boxes) and delivered at the express or freight office at Plattsmouth, Nebraska, in good condition, after which my responsibility ceases. I hope I may receive a trial order from you.

Plants sent by express will be turned out of pots unles otherwise ordered, and packed as light as practicable. Many plants, especially large ones can be sent by freight in warm weather if the distance is not too great, especially on lines of B. & M., M. P. and U. P. R. R. If sent per freight they will go safer mainly in pots and receive no check in growth and the additional charge will not be much. I have many other varieties not named in this list, in smaller quantities, (for which see descriptive catalogue) from which a liberal discount will be given. Remittances may be made by Post Office Order, Express Order, Draft or Registered Letter. All claims for mistakes or errors must be made within three days after plants are received.

All orders must be accompanied by the cash or satisfactory references, unless from parties of known responsibility to me. You may be perfectly responsible but I must know it before I send plants. At these low prices I can take no risks. Give me your orders, I feel sure I can suit you in quality and price of plants.

Purchasers will be particular to give names in full, with express and postoffice address, county and state distinctly written, so that no mistakes will occur. All orders or letters should be addressed to

W. J. HESSER,
Proprietor "Picnic" Gardens, Plattsmouth, Nebraska.

CYCAS REVOLUTA.

Of this grand class of Palms I have a large stock. The stems are straight and thick and have a fine head of foliage. They are real beauties, well established. They should be shipped in pots, especially the large ones. I have many plants of intermediate sizes from those named in this list at proportionate prices. Full description and price given on application.
